## IV. RECOMMENDATIONS

During the impact assessment study of the skill development center, the observations and analysis of the responses lead to the following conclusions and recommendations/action points emerged based on the FGDs/feedback undertaken by the supervisors/team members. Suggestions given by villagers during the study, along with experience of the key staff involved in data collection from the previous cross learning from similar studies, etc.

1. Grampanchayt may arrange the equipment or required material for skill development related activities at the village through GP fund or convergence of any scheme, which can be used in skill development centers.

## Highlighted Case Study

### Case Study - 1

#### Skill Development Center constructed at Village Methi of Sindhkheda Block of Dhule District.

MDL has constructed the skill development centers to enhance the skills of the youth and other interested groups by providing the skill development centers at the village level. The skill development center has constructed in the year 2017-18. MDL has provided support for the construction of skill development centers at Methi Village.

At village Methi, the skill development center has been constructed in the premises of the village Shiv temple. The size of the constructed skill development center is 12.23 m in length, 9.45 m. width and 4.0 m height. The Gram Panchayat of Methi with the support of a committee of the Shiv temple gives a skill development center on lease for various cultural activities like Bhajan, Kirtan, marriages, various village level meeting, etc. The Gram Panchayat takes nominal charges i.e. Rs.500 to Rs.1000 from the beneficiaries depending upon the type of the activity. The income generated by the Gram Panchayat is used for various village development activities.

The Gram panchayat is planning to provide more facilities like furniture and other necessary assets for skill development and cultural activities from the amount generated from skill development center.

## Case Study - 2

### Skill Development Center constructed at Village Junvane of Dhule Block of Dhule District.

MDL has constructed the skill development centers to enhance the skills of the youth and other interested groups by providing the skill development centers at the village level. The skill development center has constructed in the year 2017-18. MDL has provided support for the construction of skill development centers at Junvane Village.

At village Junvane the skill development center has been constructed near the multipurpose hall of the village. The size of the constructed skill development center is 12.23 m in length, 9.45 m. width and 4.0 m height. The Gram Panchayat of Junvane used a skill development center for various cultural activities like Bhajan, Kirtan, marriages, various village level meeting, etc.

However, the Gram Panchayat has constructed a stage-like platform and washrooms adjacent to the skill development center. The Gram Panchayat of Junvane gives a skill development center on lease for marriages and other cultural activities.

The Gram Panchayat takes nominal charges from the beneficiaries depending upon the type of the activity. The income generated by the Gram Panchayat is used for various village development activities.

The Gram Panchayat is planning to provide more facilities like furniture and other necessary assets for skill development and cultural activities from the amount generated from the skill development center.

## V. CONSTRAINTS

1. Some of the beneficiaries could not be contacted and attend during the impact assessment study as the PIA's has old contact numbers of the beneficiaries. And it became difficult to contact them.
2. The pandemic condition is one of the constraints for the impact assessment study.
