---	---

Corrigendum-3 is issued for following for Tender for Supply of BALLAST WATER TREATMENT SYSTEM FOR PROJECT 7500 DWT MULTI PURPOSE DRY CARGO VESSEL:

1.

TSP Page & Clause	As mentioned in TSP	To be read as
Page 14 Clause 29 Sr.xx	Motors above 3 KW, as applicable, shall be procured only from ABB, Hoyer & Siemens.	Motors above 3 KW, as applicable, shall be procured only from Hoyer.
Page 14 Clause 29 Sr.xxi	Starters should be for reducing starting current of system. Starters should include protective devices for motors.	The selection of the Motor Starters shall be based on the DNV rules. Following are the recommendations for the selection of the Motor Starters: i. DOL starters for Motors up to 10KW ii. Star-Delta Starter for Motors between 10KW and 30KW iii. Soft Starters for Motors with 30KW and above. Along with the Starter recommendations above, soft starters shall be adopted for the motors whose starting current may cause any already running motor to stall or control equipment to drop out and the voltage drop of the system shall not be more than 6%.
Page 14 Clause 29 Sr.xxii	Not Mentioned in TSP	Additional Point to be included: The Efficiency of the Motor shall comply to IE-3 standard.

2. Bidders are requested to quote as per above & as per revised TSP clauses which is uploaded as part of corrigendum-3 to the tender/bid document.

3. Rest all other terms and conditions of the tender will remain unchanged.
