imported content in the item (including all customs duties) as a proportion of the total value in percent. Different definition of Local Content may be specified by the Nodal Ministry for items assigned to them, which will prevail over above.

- i) Imported items sourced locally from resellers / distributors shall be excluded from calculation of local content.
- ii) The license fees / royalties paid / technical charges paid out of India shall be excluded from local content calculation.

For items sold by bidder as reseller, OEM certificate for country of origin to be submitted.
- v) For contracts involving supply of multiple items, weighted average of all items to be taken while calculating the local content.

Note:

- i) The local content can be increased by vendors through partnerships, cooperation with local companies, establishing production units in India or Joint Ventures (JV) with Indian suppliers, increasing the participation of local employees in services and training them.
- ii) Bidders offering imported products will fall under the category on Non-local suppliers and they cannot claim themselves as Class-I local suppliers / Class-II local suppliers by claiming the services such as transportation, insurance, installation, commissioning, training and after sales service support like AMC / CMC, etc. as local value addition. Hence, bidders offering imported products will be treated as Non-local
