For example, the maximum ceiling towards liquidated damages stipulated in the Tender is 5% and the bidder seeks to limit it to, say 3.50% then the price quoted will be loaded by 1.5%. If the rate of LD per week is 0.50% per week or part thereof as per tender and the bidder seeks it as, say, 0.40% per week or part thereof, the maximum ceiling on LD as per tender will first be equated to weeks (10 weeks in this case) and the rate proposed by the bidder i.e. 0.40% will be multiplied by the so equated maximum period (which works out to 4%) and the quoted price will be loaded accordingly by 1%. If any variations in statutory levies, the break up in respect of taxes, duties and levies is clearly and separately furnished in the bid and MDL is satisfied that the rates of taxes indicated therein are in line with the tax law so that escalation due to variation in the taxes can be justifiably considered to the extent legitimately allowable on the base amount(s) indicated in the bid. Therefore, bidder is requested to show the break up regarding taxes as applicable in the bid.
- iv. In the case of composition dealer, since composition dealer is not allowed to charge GST, in such case, evaluation of bid will be on the price quoted by bidder.
- v. In case of purchase of goods/ services from unregistered dealer under GST Laws, GST will be paid by MDL under reverse charge mechanism.

Note: On-line ranking visible to the bidders after opening part II price bid is without loading parameters.
